

Interface04 Information and Timeline for Session Organizers

Each session will consist of 3 talks running 30 minutes each. Keeping to the 30 minutes per talk schedule will allow a little time for questions during the session. All speakers and session organizers need to pay conference registration fees and associated travel and lodging expenses. A basic conference information webpage will be online June 1, 2003 at www.galaxy.gmu.edu/Interface04. One will be able to submit their abstracts via this website on July 1, 2003.

August 1, 2003
